## **What's new in Elden Ring:**

**EL&NDOT;C&O;DO**

**18 Feb 2015 16:37:27 +0000Rise Tarnished: Courageous Journey in the SnowCountry music from the American South**

**A little over 50 years ago, U.S. folk music is still alive and is cherished. Even so, the vast majority of country music is preserved only in a small part of the United States and remains unknown to a great part of the world.**

**This is still a problem when a foreign country wishes to promote native American pop culture through music. However, many folk bands like High on the Hog and Nashville Pussy are certainly far more attractive than the sort of country that has U.S. motifs, being a symbol of the American South, even if it is only indirectly.**

**We should be thankful for this phenomenon. The premise of the work could be seen in the Western genre of John Wayne. For example, Lassiter's Rowland, Barmaid Saloon, and Molly Fy Queen are all examples of the Western genre.**

**There are just so many great songs in a genre like this, so many unforgettable melodies. And let us look at the lyrics.**
